

THE PILOT'S WEATHER DECISION TOOL

Your first briefing in under 5 minutes.

Sign up, enter your route and aircraft — PlaneWX does the rest.

-  **WX Score for every leg** — one number that weighs ceiling, wind, icing & turbulence for your exact route.
-  **Set your home airport** — get a morning weather update every day so you're never surprised.
-  **Email alerts when conditions change** — stop refreshing forecasts. We watch while you fly.
